SANGAMON RIDGE ROCKET

Owner: Ron Eades
ARHA #: 3-5-1336

       Rocket has produced a dog that has won every Big Four Title. More impressive to me, however, is what his grandchildren are doing. Mr. Bailey, lots of hunters have asked me why I thought Rocket was the best rabbit dog I ever owned. I would answer like this, we have hunted Rocket with most of the dogs we have owned and Rocket makes them look like Ned in the First Reader. In Rocket's early years he hunted rabbits to survive. The only dog that came close to living up to Rocket was his son R.C. If you would total up Rocket's points to get into the Hall of Fame, he had 245 points. Rocket could circle a rabbit 365 days a year, and did!
